FISHERIES ACT

Maritimes Region Variation Order 2022-031

The Regional Director General of the Department of Fisheries and Oceans, for the Maritimes Region, pursuant to subsection 6(1) of the *Fishery (General) Regulations*, hereby makes the annexed Order varying the daily fishing quota and size limits for trout in certain waters of Nova Scotia.

Issued at Dartmouth, Nova Scotia this 31st day of March, 2022.

Doug Wentzell

Regional Director General

Maritimes Region

ORDER VARYING THE DAILY FISHING QUOTA AND SIZE LIMITS FOR TROUT FISHING IN CERTAIN WATERS OF NOVA SCOTIA

Short Title

1. This Order may be cited as the Maritimes Region Variation Order MAR-VAR-2022-031.

Variation

2. (a) The daily catch and retain quota and size limits for trout as fixed by subsection 107(1)(a) and 107(1)(b) of the *Maritime Provinces Fishery Regulations*, and set out in column II of an item of the table to that section is hereby varied so that no person shall catch and retain from April 1 to August 31 in any one day from the waters set out in column I more trout than the fishing quota set out in column II of that item of the table to this section; or

b) a trout of a species set out in column II the length of which is less than the minimum length for that species set out in column III or more than the maximum length for that species set out in column IV:

TABLE

	Nova Scotia				
Item	Column I	Column II	Column III	Column IV	
	Waters	Fish Quota	1	Maximum Length	
1.	The inland and tidal waters of	(1) 5Arctic char	(1) 10 cm	(1) 100 cm	
	Nova Scotia.	(2) 5 brook trout	(2) 10 cm	(2) 100cm	
		(3) 5 brown trout	(3) 10 cm	(3) 100 cm	
		(4) 0 lake trout	(4) 10 cm	(4) 100 cm	
		(5) 5 rainbow trout	(5) 10 cm	(5) 100 cm	

- 3. (a) The daily catch and retain quota and size limits for trout as fixed by subsection 107(1)(a) and 107(1)(b) of the *Maritime Provinces Fishery Regulations*, and set out in column II of an item of the table to that section is hereby varied so that no person shall catch and retain from September 1 to September 30 in any one day from the waters set out in column I more trout than the fishing quota set out in column II of that item of the table to this section; or
- (b) a trout of a species set out in column II the length of which is less than the minimum length for that species set out in column III or more than the maximum length for that species set out in column IV:

River Phillip, Cumberland County, those waters set out in item 1. of the table to item 24 of this order.

Baddeck River; Victoria County, those waters set out in item 1.a) of the table to item 29 of this order, 1. a) of the table to item 30 of this order and 1. a) of the table to item 31 of this order and 1. b) of the table to item 26 of this order;

Middle River, Victoria County, those waters set out in item 1.b) of the table to item 29 of this order, 1. b) of the table to item 30 of this order and 1. b) of the table to item 31 of this order;

North River, Victoria County, those waters set out in item 1.c) of the table to item 29 of this order, 1. c) of the table to item 30 of this order and 1. c) of the table to item 31 of this order;

North Aspy River, , those waters set out in item 1.d) of the table to item 30 of this order and 1. a) of the table to item 35 of this order;

(41) Notwithstanding item 36 and 40 of this order the daily catch and retain aggregate for trout as fixed by subsection 107(2)(a) of the *Maritime Provinces Fishery Regulations* is hereby varied to be **two (2) trout** from October 1 to October 31 for the following waters of Nova Scotia:

South River, Antigonish County, those waters set out in item 1.c) of the table to item 31 of this order;

South River, Antigonish County, those waters set out in item 1.d) of the table to item 31 of this order;

Rumsey Lake, Annapolis County, those waters set out in item 1.f) of the table to item 31 of this order;

Sunken Lake, Kings County, those waters set out in item 1.g) of the table to item 31 of this order.

(42) Notwithstanding item 36 of this order the daily catch and retain aggregate for trout as fixed by subsection 107.(2)(a) of the *Maritime Provinces Fishery Regulations* is hereby varied to be **two (2) trout** October 1 to December 31 for the following waters of Nova Scotia:

Tidal waters of the Bras d'Or Lakes, those waters set out in item 1.a) of the table to item 32 of this order;

Levers Lake and # 20 Dam, Cape Breton County, those waters set out in item 1.b) of the table to item 32 of this order;

Eco-Trail Pond, Richmond County, those waters set out in item 1.c) of the table to item 32 of this order;

Petite Lac, Inverness County, those waters set out in item 1. o) of the table to item 32 of this order;

Cameron Lake and Gillis Lake, Antigonish County, those waters set out in item 1.d) of the table to item 32 of this order:

Goose Harbour Lake, McKeen Lake and Pringle Lake, Guysborough County those waters set out in item 1.e) of the table to item 32 of this order;

Gairloch Lake and Dryden Lake, Pictou County, those waters set out in item 1.f) of the table to item 32 of this order;

Albro Lake; Cow Bay Pond; First Lake; Lewis Lake and Round Lake at Jerry Lawrence Park; Maynard Lake; Penhorn Lake; and Williams Lake (Spryfield), Halifax County, those waters set out in item 1.g) of the table to item 32 of this order;

Beck Lake, Hutt Lake, and Sucker Lake, Lunenburg County, those waters set out in item 1.h) of the table to item 32 of this order;

Hidden Hills Lake and Victoria Lake, Queens County, those waters set out in item 1.i) of the table to item 32 of this order;

Everitts Lake, and Metegan River, Digby County, those waters set out in item 1.j) of the table to item 32 of this order;

Beaver Dam Lake, Shelburne County, those waters set out in item 1. p) of the table to item 32 of this order;

Meadow Pond, Hants County, those waters set out in item 1.k) of the table to item 32 of this order;

Angevine (Dewars) Lake, Harrison Lake and Isaac Lake, Cumberland County, those waters set out in item 1.1) of the table to item 32 of this order;

Deyarmount Lake, Colchester County, those waters set out in item 1.m) of the table to item 32 of this order;

Dalem (Round) Lake and Grant's Pond, Victoria County, those waters set out in item 1.n) of the table to item 32 of this order.

Note: When the boundary of an area is expressed in grid references, those grid references are based on the Universal Transverse Mercator Grid system set out on the National Topographic Series Map, Scale 1:50,000 published by the Department of Energy, Mines and Resources (North American Datum 1927).

Coming Into Force

43. This Order shall come into force April 1, 2022 and remain in force until December 31, 2022 unless otherwise revoked.

NOTICE

Note: For a simplified summary of trout bag limits and length restrictions, please refer to the 2022 Nova Scotia Anglers' Handbook, available at https://beta.novascotia.ca/documents/anglers-handbook or by contacting the Province of Nova Scotia.

- 1. Variation Order MAR-VAR-2022-031 is in force from April 1, 2022 to December 31, 2022, varying the daily quotas, aggregate quotas and length restrictions for fishing for trout in certain waters of Nova Scotia as outlined below.
- 2. For the period of **April 1 to August 31**, the daily quotas and length restrictions for each species of trout in the waters identified in the table below are as follows:

Г	Item	Column I	Column II	Column III	Column IV
		Waters	Fish Quota	Minimum Length	Maximum Length
Г	1.	The inland and tidal waters of	(1) 5Arctic char	(1) 10 cm	(1) 100 cm
		Nova Scotia except those	(2) 5 brook trout	(2) 10 cm	(2) 100cm
